

SKILLS

Technical: Java, Unity, Git, React, Firebase, ComfyUI, Arduino, Maya, Figma, DaVinci Resolve, FL Studio, Stable Diffusion,

Professional: Conflict Resolution, Adaptability, Teamwork, Communication, Problem-Solving,

EDUCATION

Simon Fraser University – BSc, Interactive Arts and Technology (Concentration in AI & Data Science)

2021 – Expected Graduation 2026 Summer

PROJECTS

Lumina (Hackathon Project, Gemini AI, Web App)

Oct 4 2025 - Oct 5 2025

- Developed an AI-powered recruiting platform that automates resume screening and portfolio analysis for recruiters.
- Engineered a 4-phase agentic workflow using Google Gemini to extract, validate, and analyze GitHub portfolios.
- Presented to peers in a live demo, engaging 20+ participants.
- Designed and implemented an interactive, responsive web UI with real-time analysis visualization using Next.js and Tailwind CSS.

LoRASley (Generative AI, ComfyUI)

Jan 2025 - Mar 2025

- Designed an interactive LoRA-based system that generated Rick Astley images and transformed user voices in real time.
- Fine-tuned model parameters to enhance alignment between generated outputs and training data.
- Presented to peers in a live demo, engaging 20+ participants.

Interference 2D Platformer Game (Unity, C#)

Feb 2025 - Mar 2025

- Built a 2D stealth platformer prototype featuring AI-driven guards, physics-based movement, and multi-level stealth mechanics.
- Led a 5-person team, coordinating code integration on github and playtesting with 15 users to improve difficulty balance.
- Managed testing to ensure the prototype was finalized and tested ahead of deadlines.

Hidden Gems (React Native, Firebase, JavaScript)

Jan 2025 - Mar 2025

- Developed a mobile app that recommends niche films based on user preferences and location.
- Implemented personalized recommendation filters in Firebase, improving test user engagement by 30%.
- Conducted usability testing with users to refine UI/UX.

VOLUNTEERING

Pekolela Campsite, Hokkaido, Japan – Volunteer

April 2025 - May 2025

- Assisted with remodeling old homes and building wooden decks, applying teamwork and adaptability in outdoor construction.

HUB Cycling – Station Attendant

June 2023

- Promoted *Go By Bike Week* by engaging with 100+ community members, increasing registrations through outreach and education.

Burnaby North Secondary School – Library Assistant

2019 - 2020

- Organized and maintained library collections, demonstrating strong attention to detail and support for the school community.
